

Certificate IV in Home and Community Work (CHC40208)

Overview

McCusker has a reputation for quality and practical skills delivered by people with broad community care experience.

This qualification addresses work in client homes and other community settings. These staff:

- Carry out activities related to maintaining an individual's well being
- May provide services to individuals with complex needs, and/or work with groups of older people
- Work may include training and support to promote independence and community participation, which may be provided as part of activities and programs in a variety of home and community care settings
- Report to service managers and liaise with professionals and other service providers and may be required to supervise a limited number of workers.

Is this course for you?

This course supplies the skills for those people working in the role of a co-ordinator of services in the field of Home and Community Care. The course focuses more on skills required as a manager than the basic care skills which should have been covered at Certificate III level.

Pre-Requisites

To gain entry into this course the candidate must be recognised as competent, against compulsory units from CHC30308 Certificate III in Home and Community Care.

Learning outcomes

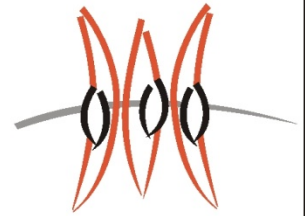

Includes 15 units of competency covering:

- Coordinate and monitor home based support
- Facilitate and monitor support to older persons and individuals with complex needs
- Utilise specialist communication skills to build strong relationships within the organisation and with service providers
- Provide assistance to the elderly to maintain their safety and well being including dementia support
- Undertake supervisory and administrative work to maintain quality service delivery.

Recognition of Prior learning (RPL)

Units of Competency from your Certificate III qualification may count towards the Certificate IV in Home and Community Care. Training conducted by your facility may also be recognised.

Training Delivery	Flexible start dates Predominantly in the workplace with Classroom based training as necessary.
Assessment	Includes a range of tasks and questioning on and off job, feedback from supervisors/peers.
