Dementia Training Study Centres

Cognitive Assessment Tools for Health Care Professionals

Using the Hierarchic Dementia Scale to enhance well being for people with Dementia

Presented by Heather Freegard

- Date:** Friday 23 November 2007 (8.45am to 4.00pm) and Saturday 24 November 2007 (8.45am to 1.00pm)
- Venue:** Technology Park Function Centre,
2 Brodie Hall Drive, Bentley, WA
- Cost:** \$100.00 includes course manual, lunch and morning and afternoon tea (lunch and afternoon tea only on day one)

The objectives of this workshop are to;

- discuss the experience of dementia for the person, their family, friends and carers;
- explain the administration and scoring of the Hierarchic Dementia Scale (HDS) with reference to computer generated results;
- interpret the results of the HDS to determine abilities and limitations of the person in terms of self-care, communication and interaction;
- develop person centred care within acute, community and residential care settings;
- discuss the practical application of the HDS and person centred care in research and evaluation.
